

Austroads

Learning to Drive

The game

As you play this game you will come across some choices to make. You will also have consequences for doing the wrong or right thing on the road.

How to play

The youngest player starts. Roll the dice and move your token the number of spaces shown on the dice. If you land on a **choice** or **consequence** space you must pick a card from the top of the pile and follow the instructions. Continue rolling the dice and moving until you receive a penalty or answer a question incorrectly. Once you have completed your turn, play moves to the next player on your left.

How to win

From what you have learnt from the learner handbook you should have an understanding about the road rules and safe driving. The first person to reach the end is the winner of the game.

You are now one step closer to getting your driver's licence.

Choice cards

You will be given questions to answer, if you correctly answer you can continue your journey, an incorrect answer and play will pass to the next player. Put the card back on the bottom of the pile at the end of your turn.

Consequence cards

As you learn to drive you will need to understand that there are consequences for your driving (eg: failing to indicate correctly). Follow the instructions on the card. If you receive a penalty, play passes to the next player. Put the card back on the bottom of the pile at the end of your turn.
